# Creating and Managing Your CampusID

02/12/15

The Campus Community provides Campus Users access from Infinite Campus to a new knowledge base, moderated forum, video library, customer event calendar and news stories via a single sign-on. Additionally, Support Contacts for the district will have access to support ticket management and Technical Contacts will be able to request updates and/or sandbox refreshes.

School district staff who have access to their Infinite Campus application can create an account for the Campus Community. This account is called the CampusID.

If your district is in E.1402 or higher, or your district has switch to the 2015M line, your can find the Campus Community under the App Switcher at the top of the tool bar. Click the App Switcher, with the 9 square box icon at the top right hand side of the page next to Log Off.

Then click the Campus Community link.

1. Click a **Campus Community** link to start creating your CampusID.

2. The first time a Campus User clicks this link, it will begin the process of creating a CampusID. If a user has already created one during a training session, please use **Sign In** on the right to link up the Infinite Campus account with the previously created CampusID. In the future, the user will automatically sign in when clicking Community links in Infinite Campus. If a user has not created an account, then click **Continue** on the left side.

Now that a CampusID has been associated with your district login, users will be able to log in directly by going to http://community.infinitecampus.com or by clicking any of the Campus Community links in Infinite Campus. If the district is going through the implementation process, and has not yet reached Go-Live with the real production site, users must use the URL link. Demo, conversion and other non-production sites links are not linked to the Campus Community and cannot be used to create accounts.

If you have the Community URL bookmarked, you may be periodically asked to re-verify your account by logging in through your district's or state's Infinite Campus application.

Modifying User Settings

While your account is linked to your district's site, CampusID data is managed outside of your district site so information like your password is not linked should you change your password for your Campus login. Once created, your CampusID username cannot be changed. To change other information, click your name at the top of the header bar.
